

ILLUMRA self-powered wireless Euro style Bluetooth switches are compatible with enlightened room control solutions and use no wires or batteries. Pressing the switch creates the energy to transmit a wireless signal that controls lights or other devices.

Easy-To-Use

- Installs in minutes
- Requires no wiring
- Easy to configure
- Communicates with compatible receivers

Reliable Range

- 30-100 foot operating range (typical)

Save Time and Money

Avoid costly and time-consuming installation of hardwire switches by choosing ILLUMRA wireless switches and receivers. Installing a switch doesn't have to mean tearing open a wall.

Save Energy

Save energy and money by creating Manual ON / Auto OFF controls using ILLUMRA switches and occupancy sensors or by programming all lights to respond to a single master switch. ILLUMRA makes it easy to keep lights and systems off when not in use!

Self-powered Wireless Switch

Bluetooth 2.4 GHz

2 Colors Available

- White
- Black

(x) = WH, BK

enlighted European Style Switch Features

- Mount switches within range of an enlightened sensor (30-100ft)
- Press and Hold dimming
- Color Tuning Available with Dual Rocker Switch
- Reconfigure or relocate as needed
- Custom printing available
- Made in the USA
