For purposes of this definition, “control” (of a corporation, company or other entity) shall mean to have, directly or indirectly, the power to direct or cause the direction of the management and policies of a corporation, company or other entity, whether (i) through the ownership of voting securities providing for the right to elect or appoint, directly or indirectly, the majority of the board of directors, or a similar managing authority, (ii) by contract or (iii) otherwise. “Representatives” mean a Party’s and its respective Affiliates’ directors, officers, employees, agents, representatives and/or subcontractors. “Goods” mean products, materials, raw materials, supplies, equipment, information, Work Product, data, drawings, designs, specifications, reports and/or off-the-shelf software furnished by Supplier hereunder. “Services” mean the tasks/deliverables to be provided/performed by Supplier as set forth in the Purchase Order. Customer hereby gives notice of objection to any different or additional terms offered by Supplier in any response to Customer’s Purchase Order. Shipment of any Goods or the performance of any Services by Supplier shall be deemed to constitute Supplier’s assent to this provision.

The purchase prices for Goods (both tangible and intangible) and Services shall be separately stated.
- (B) Customer shall not be responsible for the payment of any taxes, customs, tariffs, fees or duties other than those required to be paid by Customer under Applicable Law (defined below) and which are clearly itemized on Supplier’s invoice(s). Customer shall provide tax exemption certificates or other applicable tax documents as reasonably requested by Supplier.
- (C) Unless otherwise set forth in the Purchase Order, invoices are due and payable net ninety (90) days after receipt of the Goods (including all documents required in the Purchase Order), performance of the Services, and a receipt of a correct undisputed invoice by Customer. Payment(s) shall be by electronic banking method identified in the Purchase Order.

TITLE, RISK OF LOSS, DELIVERY

- (A) Title to Goods, and title or license to Services, shall pass to Customer at the earlier of (i) payment by Customer or (ii) receipt of the Goods/Services by Customer per the delivery terms in the Purchase Order. In the event of advance or progress payments, Supplier shall (a) reasonably identify or otherwise mark the Goods/Services as Customer’s property; (b) sign and deliver such documents for Customer to confirm that title or license has passed to Customer; and (c) if requested by Customer, provide an advance payment bond acceptable to Customer. Goods/Services shall be delivered free and clear of all liens or claims.
- (B) For Goods purchases, the Purchase Order shall state the (i) mode, manner and timing of delivery to Customer, its end user(s) or designee(s) and (ii) address of final destination. Regardless of the shipping terms used, risk of loss to the Goods shall remain with Supplier until Goods are in the possession, custody and control of Customer.
- (C) Shipments sent C.O.D. without Customer’s written consent will not be accepted and will be at Supplier’s risk. Supplier is instructed to ship only the quantities specified in the Purchase Order. Any deviation caused by conditions of loading, shipping, packing, or allowances in manufacturing processes may be accepted by Customer only pursuant to a duly executed amendment or change order as set forth in Section 1(B). Customer reserves the right to return, without liability, any over-shipment at Supplier’s expense.
- (D) Supplier shall comply with Customer’s delivery dates at its sole cost unless the Parties otherwise agree in writing. If a delay originates with Supplier or its Representatives, Supplier shall be solely responsible for expedited delivery and other charges to meet delivery dates. Goods shipped in advance of Customer’s delivery dates may, at Customer’s option, be returned to Supplier at Supplier’s expense. Customer reserves the right to delay shipment of the Goods for up to thirty (30) days at no additional cost.

If inspections/tests are made on Supplier’s premises, Supplier, without additional charge, shall provide reasonable facilities and assistance for the safety and convenience of Customer’s inspectors. Customer’s inspections/tests will not unduly interfere with Supplier’s business. Supplier shall maintain quality control and inspection systems as mutually agreed upon by the Parties and provide Customer with quality assurance documentation, manuals or certifications. Notwithstanding prior inspection or testing, payment, or passage of title, all Goods/Services shall be subject to final inspection and written acceptance at final destination, with such rights of inspection/rejection being in addition to any other rights or remedies of Customer under the Customer Purchase Order or Applicable Law. If Customer rejects all or part of the Goods, Customer may return Goods to Supplier, at Supplier’s sole risk and expense, for rework or replacement, and Supplier shall ship conforming Goods within ten (10) days of Supplier’s receipt of the rejected Goods. If Customer determines, in its sole discretion, that Supplier is unable to rework or replace Goods within the time required by Customer, Customer may: (A) rework or have another supplier rework the Goods, the cost of such rework to be paid by Supplier; (B) return Goods to Supplier for full credit and obtain replacement from an alternate source, at Supplier’s expense; or (C) produce replacement Goods at Supplier’s expense. - (E) In addition to any other obligations set forth in this Article 5, Supplier shall pass through all assignable third-party manufacturers' warranties applicable to Goods/Services furnished by Supplier. In the event a third party warranty is not assignable, Supplier shall enforce its warranty against a third party at Supplier's expense upon Customer's reasonable request. Supplier shall immediately notify Customer in writing of product recalls and/or product safety notices that concern the Goods/Services.
- (F) Customer shall have the right to assign all Supplier warranties under the Customer Purchase Order to third parties including Customer's customers/end users who shall have all rights to enforce such warranty.

Supplier hereby, irrevocably, in perpetuity and without further consideration, assigns to Customer all right, title and interest that Supplier, its Affiliates and/or Representatives has or may have in the future anywhere in the world in all Work Product.

- (C) Works made for Hire: Customer will be considered the “person for whom the work was prepared” for purposes of determining the authorship of any copyright in Work Product, and all copyrightable aspects of Work Product will constitute “works made for hire” as that term is defined under Section 101 of the U.S. Copyright Act, 17 U.S.C. § 101, as amended (“Copyright Act”), or analogous provisions under other Applicable Laws, and will be owned exclusively by Customer upon creation. If (and to the extent) any of the foregoing (or any part or element thereof) is found as a matter of law not to be a “work made for hire” under Applicable Laws, Supplier hereby irrevocably, in perpetuity and without further consideration, assigns to Customer (its successors and assigns) all right, title and interest that Supplier has or may have in the future in and to all United States and foreign copyrights in Work Product and all copies thereof.
- (D) Disclosure; Further Assurances: Supplier shall disclose and describe all Work Product to Customer and, promptly upon Customer’s request, provide any requested information or documentation related to Work Product. Upon Customer’s request, Supplier will execute and deliver to them all documents and provide all testimony necessary to register and enforce intellectual property rights in Work Product solely in the name of Customer (or its designee). Supplier irrevocably designates and appoints Customer (or its designee) and its legal representatives and nominees, as Supplier’s agent and attorney-in-fact to prosecute and enforce any applications and intellectual property rights as to Work Product.
- (E) Supplier shall promptly disclose, and hereby grants to Customer, a non-exclusive, freely transferable, royalty-free, fully paid-up, worldwide, license in and to, all Items owned or licensed by Supplier which are necessary for the use and enjoyment by Customer of Goods/Services and Work Product hereunder. Any software maintenance or support service shall be the subject of an exhibit to the Customer Purchase Order.
- (F) Supplier shall not embed or incorporate any third-party Items into Goods/Services without Customer’s prior written consent and Supplier’s providing to Customer and/or its end users a list of third-party software or other intellectual property contained within or necessary to use Goods/Services together with royalty-free, paid-up licenses to Customer, its Affiliates and its or their end user(s).

- (B) If Customer receives written notice of a Claim, Customer shall give prompt written notice to Supplier. Customer’s delay or deficiency in notifying Supplier shall not relieve Supplier of liability or obligation unless such delay materially impacts the defense of the Claim. If the settlement of a Claim may result in ongoing liability to or detrimentally impacts Customer, its Affiliates, Representatives or end users, then such settlement shall require the prior written consent of Customer. Customer may have its own counsel at Customer’s cost at all related proceedings.
- (C) In case either Party reasonably believes the Goods/Services, or any part thereof, may be the subject of an intellectual property Claim, Supplier shall at its own expense: (a) procure Customer, its Representatives and/or end user’s right to continue using the Goods/Services; (b) replace with substantially equivalent non-infringing Goods/Services; or (c) modify the Goods/Services in compliance with Applicable Laws so it becomes non-infringing.

- (B) Receiving Party shall refrain from disclosing and/or using disclosing Party’s Confidential Information other than to perform its obligations under the Purchase Order. Receiving Party shall be responsible for any breach of the confidentiality obligations hereunder by its Affiliates or Representative(s). These confidentiality restrictions shall not apply to information which (i) is or becomes generally known to the public, without the fault of the receiving Party; (ii) is disclosed to the receiving Party, without obligation of confidentiality, by a third party having the right to make such disclosure; (iii) was previously known to the receiving Party, without obligation of confidentiality, which fact can be demonstrated by means of documents which are in the possession of the receiving Party upon the date of the Customer Purchase Order; (iv) was independently developed by receiving Party or its representatives, as evidenced by written records, without the use of disclosing Party’s confidential information; or (v) is required to be disclosed by law, except to the extent eligible for special treatment under an appropriate protective order, provided that the Party required to disclose by law will promptly advise the disclosing Party of any requirement to make such disclosure to allow the disclosing Party the opportunity to obtain a protective order and assist the disclosing Party in so doing. An individual who is a Supplier Representative will be immune from liability for the confidential disclosure of trade secrets (i) to a governmental agency to report a suspected violation of law or (ii) to a court, if the individual complies with the Defend Trade Secrets Act, 18 U.S.C. Section 1833(b).

- 6.2 "Applicable Data Privacy Laws" means data privacy, protection, security, and destruction laws that limit, restrict or otherwise govern the Processing of Personal Information, including but not limited to laws entitling Data Subjects to notification and disclosure about, or rights of access, control, deletion, and correction of, or rights to require consent for and the ability to opt-into or opt-out of the use of, Personal Information.
- 6.3 "Covered Party" means Enlighted or its customers (each may be referred to as a "Covered Party")
- 6.4 "Data Breach" means any actual or reasonably suspected access, loss, acquisition, use, modification, or disclosure of Personal Information that is either unlawful, not authorized by Enlighted or this Agreement, unrelated to the Service Provider's performance under this Agreement, or would require notification of such event to any third party pursuant to any applicable law.
- 6.5 "Encryption" means the protection of data in electronic or optical form, in storage or in transmission, by using an algorithmic process to transform data into a form in which the data is rendered unreadable or unusable without use of a confidential process or key, such as by using (i) an encryption technology that has been adopted by an established standards setting body, including, but not limited to, the Federal Information Processing Standards issued by the National Institute of Standards and Technology, which renders such data indecipherable in the absence of associated cryptographic keys necessary to enable decryptions of such data; and (ii) appropriate management and safeguards of cryptographic keys to protect the integrity of the encryption using guidelines promulgated by an established standards setting body, including, but not limited to, the National Institute of Standards and Technology.
- 6.6 "Personal Information" means any information received or collected from, through, at the direction of, or on behalf of a Covered Party, or their employees, which is information that identifies, relates to, describes, is capable of being associated with, is or could reasonably be linked (directly or indirectly) with, or can be used to identify a natural person (each, a "Data Subject").

7 General Obligations.

- 7.1 Compliance with Agreement and Laws. Service Provider shall, and shall cause its affiliates and their respective representatives to, comply with and Process Personal Information in accordance with these Data Privacy Requirements ("Requirements") and Applicable Data Privacy Laws. Service Provider shall ensure that each person processing Personal Information is subject to a duty of confidentiality with respect to the Personal Information. Service Provider shall provide information and cooperation as a Covered Party may reasonably require in order for Enlighted to comply with such laws.
- 7.2 Limitations on Use of Personal Information. Enlighted hereby instructs Service Provider, and Service Provider hereby agrees, to Process Personal Information only as necessary to perform Service Provider's obligations under this Agreement and Service Provider's agreement with Enlighted' customers (if any) and for no other purpose. Service Provider may not use the Personal Information for its own purposes, nor shall Service Provider sell, share, rent, release, disclose, disseminate, make available, transfer, or otherwise communicate the Personal Information. Service Provider may not combine the Personal Information with other information. Notwithstanding the foregoing, Service Provider may use the Personal Information to detect data security incidents, or protect against fraudulent or illegal activity, and for internal use to build or improve the quality of its services, provided that the use does not include building or modifying household or consumer profiles to use in providing services to another business, or correcting or augmenting data acquired from another source.
- 7.3 Subcontractors. Service Provider shall notify Enlighted in the event that Service Provider engages any other person or entity (collectively, "Subcontractors") to assist in Processing Personal Information. The "most stringent provision" shall mean the provision that provides the greatest privacy and security protection for Personal Information and that best permits compliance with Applicable Data Privacy Laws.
- 7.7 New Data Privacy Laws. Service Provider acknowledges that data protection law is rapidly evolving. In an effort to reduce the need to amend these Requirements as such laws change, Service Provider agrees that if any new Applicable Data Privacy Laws that have different requirements than those included in this Agreement come into effect during the term of this Agreement, Service Provider shall comply with such new requirements, and such requirements shall be deemed to be required by this Agreement. However, if Service Provider notifies Enlighted that any such new requirements are materially different than required by preexisting Applicable Data Privacy Laws and that the implementation thereof would materially increase Service Provider's costs, then the parties shall negotiate in good

faith an amendment to mutually revise the terms of this Agreement to implement those requirements.

8 Cybersecurity Obligations for Personal Information.

- 8.1 Written Data Security Program. Service Provider shall, and shall cause its Subcontractors and their respective representatives, to maintain and implement a written data security program that contains administrative, technical, and physical safeguards to protect Personal Information from loss, misuse, unauthorized access, disclosure, alteration, or destruction (“Security Measures”), including those necessary for Service Provider to perform its obligations under this Agreement and comply with Applicable Data Privacy Laws.

Enlighted shall have the right to conduct onsite inspections and/or audits (at its sole cost upon advance notice during normal business hours under the supervision of a representative of Service Provider (or such Subcontractor, as the case may be)) of the Security Measures, and Service Provider agrees to cooperate with such inspections or audits. Further, on an annual basis, Service Provider shall provide (and arrange for such affiliates and subcontractors to provide) copies of its independent audit reports, such as the SSAE-16 SOC2 Type II standard or other reasonable documentation for examination of the relevant internal controls and procedure regarding the Security Measures.
- 8.3 Encrypted Transmission. Service Provider shall not, and shall cause its Subcontractors and representatives to not, transfer any Personal Information through an electronic, non-voice transmission to a person outside of the secure system of Service Provider unless Service Provider uses Encryption to ensure the security of such electronic submission.
- 8.4 Data Storage Location; Relocation of Storage Device. Unless expressly otherwise agreed by the parties, all Personal Information stored in connection with the Agreement shall be stored on data storage devices located in the USA. Service Provider shall not move any data storage device containing Personal Information beyond the physical controls of Service Provider, its Subcontractors, or their respective representatives, unless Enlighted consents and Encryption is used to ensure the security of the Personal Information, and in any event shall notify Enlighted at least thirty (30) days prior to any such movement.

This indemnity shall not be construed to limit Enlighted’s rights, if any, to common law indemnity
- 9.3 Notice to Third Parties. Enlighted shall make the ultimate determination as to whether a Data Breach requires notification to individuals, third parties, law enforcement, the media, and/or regulators, and, if so, whether such notifications will be provided by Enlighted or Service Provider. If Enlighted requires that Service Provider provide such notifications regarding a Data Breach, any such notices must be approved, in advance, by Enlighted. Enlighted’s approval shall also be required for the manner of delivering notice of a Data Breach.
- 9.4 Breach Mitigation. Service Provider shall mitigate, to the extent practicable and at its cost, any harmful effects from any Data Breach (including steps to protect the operating environment). Service Provider also shall take prompt steps designed to prevent the recurrence of any Data Breach, including any action required by applicable federal and state laws and regulations.
- 9.5 Assistance. Service Provider shall make itself and any employees, Subcontractors, or agents assisting Service Provider in the performance of its obligations hereunder available to Enlighted, at no cost, to testify in the event of a Data Breach or other violation of these Requirements that results in litigation or administrative proceedings against Enlighted, its directors, officers, agents or employees.

- 10.1 Service Provider. Service Provider shall be deemed, and shall act as, a “service provider” under the California Consumer Privacy Act, its implementing regulations, and any amendments thereto (including but not limited to the California Privacy Rights Act), and shall not be considered an owner or controller of the Personal Information.
- 10.2 Data Subject Requests. If Service Provider receives a “request to know” or a “request to delete” (as defined by Applicable Data Privacy Laws) from a Data Subject, the Service Provider shall either (1) act on Enlighted’ behalf in responding to the request and advise Enlighted accordingly, or (2) inform the Data Subject that the request cannot be acted upon because the request has been sent to Service Provider instead of Enlighted.
